

Tree-cycle this Christmas

Swindon Borough Council will be collecting real Christmas Trees for recycling between the **7th January and 1st February 2019**

Please make sure to;

- **Remove all lights and decorations**
- **Place at the front of your property, clearly visible from the road**
- **Too big for two to handle? Then cut into more manageable pieces**
- **Check the garden waste collection day for your road online at www.swindon.gov.uk**

Trees will be collected by the garden waste recycling crews and sent for composting along with the garden waste we collect

Any tree's put out after the 1st February will not be collected unless there is a valid garden waste subscription at the property

If you do not have a garden waste subscription please take your tree to the Household Waste and Recycling Centre from the 2nd February
